## MESSAGE

MSMEs play the most important role in realizing the vision of a Viksit Bharat. To fulfill this vision and for the growth of MSMEs, IIA is organizing "Build Bharat Expo 2025" from 19-21 March 2025 at Bharat Mandapam, New Delhi. I would like to express my heartfelt gratitude to the companies who have exhibited their products in the first edition of Build Bharat Expo and pray to God that there is qualitative growth in your business.

Friends, I am sure that you are well aware of international trade, especially the industrial progress of Europe. In the last decade, when I was on a business tour to Europe, I have always tried to understand the reasons for the prosperity of the Europeans. One of the many reasons for this is that the Europeans have created a global identity for their products and have also been successful in capturing the markets of most countries. **There is no doubt that European industries have also focused on manufacturing high quality products and have made various experiments to sell their products which also includes participation in international level exhibitions due to which they are able to sell their products all over the world.**

Exhibitors participating in this expo may have different expectations but I believe that all of you need to explore more export possibilities because industry can be expanded rapidly only by increasing trade in the world market. **Today, we have made efforts and invited ambassadors and trade commissioners of more than 34 countries to Build Bharat Expo.** When the trade commissioners/ambassadors/officials of these countries visit this expo, we will get information from them about how to work on the possibilities of increasing export, import and trade in those countries, we just need to be alert. My best wishes for your success in future.

Thanks  
Neeraj Singhal  
National President, IIA

## Om Prakash Dhamija | Director

### DHAMIJA GRINDERS PVT. LTD.

DGPL

Khasra No 303 Ka Kha, Kudi Khera Road, Dadri, Dhoom Manikpur, Gautam Buddha Nagar, 203207

**Mobile No** : +91 80767 27560 / +91 9811697219

**Email** : dhamijagrinders1992@gmail.com

**Company Profile** : Founded in the dynamic city of Ghaziabad in 1992, Dhamija Grinders established itself with a unique vision that distinguished it from the outset. While working at a grocery shop with his father Mr. Dunichand Dhamija Ji since 1980, his son Om Prakash Dhamija realized that customers have difficulty in identifying pure and good quality spices. Some branded spices which are packed are expensive, and some that are cheap, are available loose and unpacked. Driven by the commitment to offer customers premium quality spices at affordable prices, Om Prakash Dhamija initiated the production of 300 kg of spices per day under the banner of Kichnam Spices on September 9, 1992, in Delhi/NCR. Remaining steadfast to this founding principle of providing the best quality of Masala, the enterprise has scaled its operations significantly, with a daily production capacity of 30 tonnes of spices.

**Product Displayed** : Spices

**Mobile No** : +91 99582 93800

**Email** : surbhi@voltenergy.in

**Company Profile** : Volt is a cleantech company with a vision to create world where people make their own energy on site. We have created a Zero Risk Zero Investment model for solar deployment on your commercial building or factory. Today buying solar is filled with risks. How to select the correct equipment (panels, inverters, cables, etc) What if your system does not produce the desired power output as promised by the installer? There are multiple things that you are not an expert of and don't know what to do if something goes wrong. At Volt, we have simplified solar to something as simple as your electricity bill. We have created a system where in we install a solar system at your premises designed to meet your energy consumption for free. We charge you a fixed unit rate for 5-7 years after which the system is transferred to you for free.

**Product Displayed** : Zero Investment Model for Solar
